Oferta de precios

| | FREE ¹ | STANDARD | PREMIUM |
|---|--|--|--|
| Price ² | Free (up to 10 services / month) | \$25 / month per unit | \$199 / month per unit |
| API Calls ² | 500K | 1.5M per unit | 15M per unit |
| Active Devices ³ | 500 | Unlimited | Unlimited |
| Scale | N/A | Up to 6 units | Up to 10 units |
| Scheduled jobs ⁴ | Limited | Included | Included |
| SQL Database ⁵ (required) | 20 MB included, Standard rates apply for additional capacity | 20 MB included, Standard rates apply for additional capacity | 20 MB included, Standard rates apply for additional capacity |

¹ Quotas for the Mobile Services Free tier apply at the subscription level.

² Billing and the quotas for API calls are prorated daily.

³ Active devices refers to the daily number of physical devices and emulators that make at least one call to or receive a push notification from your mobile service.

⁴ The scheduled jobs feature is currently in preview. The Free tier is limited to one job and one execution per hour. Standard and Premium tiers include 50k and 500k job executions, respectively, and can accommodate up to 10 jobs.

⁵ One 20MB Azure SQL Database is available per subscription for the first twelve months of use; standard rates apply thereafter.
